Model PM-D

For most 32-50"+ Plasma/LCD Dual Plasma Bracket

VFI introduces fixed mounts for plasma & LCD flat panel monitors. The PM-D mount for Dual monitors, integrates with VFI plasma carts to provide a solid secure connection – creating a truly portable roll-about video system. Designed for videoconferencing installations, this unit features a camera / codec shelf – that's height adjustable and will center the lens at the front edge of the monitors. The mounts hidden cable channel allows cable passage from the camera platform right down into the carts interior cabinet.

This mount accommodates most 32" to 50" dual monitors.

See your display manufacturers website and download installation guide or spec to confirm hole locations. Max mount hole location is 680mm wide X 440mm high.

Contact us to confirm if your Plasma/LCD model fits.
